PRODUCT DATA SHEET www.rimax.net

Rimax **Music Car Transmitter**

Description: The Rimax Music Car Transmitter allows you to play all the music in your MP3 or any other audio source through your car stereo, by wireless connecting your player (any player) to the car's radio, without cables.

Set up:

All you have to do is connect the Music Car Transmitter to your player via Jack and to your car's cigarette lighter. Then choose a frequency between 87.7 and 107.9 MHz on both your car's radio and Music Car Transmitter.
You will then enjoy your music coming out from your car speakers with a perfect sound quality.

Characteristics:

- Jack connected players only
- Wireless
- Digital sound quality
- Friendly installation
- Completely portable, to be used in any car or boat with a cigarette lighter
- Work's without batteries
